First District Newspaper Men Meet at

Loma Linda, Cal., Nov. 18.— Preachers should make a practice of sawing wood, splitting rails and dig-ging ditches, Elder George I. Butler declared in a sermon Wednesday be-fore the convention of Seventh Day Adventist ministers. This, he said, was a certain cure for nervous pros-

Another complaint which came to the board was that touching the case of Thomas Hunt, also ordered to leave on an insubordination charge. Hunt's left at the park subject to the call of wife is an invalid and has for several years suffered from paralysis. Her husband wheels her about the soldiers' home grounds in an invalid's chair. But, it was charged, Hunt signed a petition protesting against ending at 7 a. m. today. the treatment accorded by the state administration. For that reason he was deemed guilty of insubordination. Meek and his staff, however, will look after Hunt and his wife. They will interfere if the city will. interfere if the state seeks to enforce its ouster order against the man be-cause he signed a petition.

The notice posted on the home bul-

letin board prehibiting the circulation of petitions without the consent of the home commander has been withdrawn. When the newspapers were notified that the order had been posted, it was torn down. But the investigation will include a probe into the rights of the managing officers of the home to issue this order.

Worse Than Slaves. "I want to ask you if you deem the home in its present condition a desirable place for aged veterans and their wives to spend their declining days?" G. M. Brassfield, assistant ad-jutant general of the state G. A. R., asked of a grey naired inmate of the home.

The old man prose from his chair

The old man arose from his chair with the aid of a cane and his voice trembled as he declared:

"No sir. No sir. We are worse than the slaves before the war. We are herded and driven like cattle and it isn't a home. It's a hell. But there isn't any other place to go."

Shortly before the commission arrived in Dodge City, Miss Nellie Reynolds left for her home in Chicago after being denied the right to nurse her aged grandfather, according to her statement to a newspaper man. The young woman stated that she had come to Dodge City to help care for her aged and feeble grandfather. But the officers of the homes refused to permit her to remain on the grounds, according to her story.

From a score of inmates of the home came protents concerning a recent speech by J. N. Harrison, former state department commander and at present a member of the board of managers of the home. Coi. Harrison was accused by the inmates with the delivery of a speech which was viewed as highly insulting by many of the old soldiers. According to one statement to the investigating committee, Coi. Harrison declared "hell is too good for you," in referring to persons who signed a protest sent to

the State Journal. Chaplain McMillan, inmates of the home stated, also made a speech which aroused the old soldiers when they were criticised for expressing their opinion of conditions.

Halians Take Stronghold.

Rome, Nov. 18.—A victory for the Italian forces which are attempting to capture Gorizia was announced last night by the war office. A strong Austrian pesition northwest of the city was captured. The statement follows: "There is great activity on the part of the artfillery on both sides all along it the front. The enemy's artillery seeks not only to strike at our defenses, but to destroy systematically the country conquered by us even where there are no effective garrisons of our troops.

"Thus on November 14, the enemy fired 12-inch shells into the villages of Locca and Bessecca, in Concei valley. Yesterday the enemy batteries directed bombardment against the once-flourishing towns of Mossa and Lucinico and on the Isonzo plain. These towns are now heaps of smoking ruins.

"Our infantry took by assault a strong entrenchment on the height northwest of Gorizia. In this position we found a heap of corpses and a large amount of war materials."
